NEW!! Roland V-Piano

Since 1972, Roland has pioneered many groundbreaking technologies and "world's first" products. In recent decades, no family of Roland instruments has won more respect and acclaim than the revolutionary "V" series: V-Accordion®, V-Bass, V-Drums®, V-Guitar, and V-Synth®. Today, Roland proudly announces the next chapter in the V legacy ... the V-Piano. Throw away all preconceived notions of what a digital piano was and is. This instrument changes everything.

Features:

- Revolutionary "living" piano core that breaks the digital-sampling barrier in a stand-alone instrument.
- Stunning pianos onboard, from grand-piano classics to never-before-heard futuristic hybrids.
- All pianos are customizable.
- Newly-developed 88-note PHA-III Ivory Feel keyboard with Escapement.
- Analog (XLR and 1/4") outputs, digital output (coaxial), USB Memory port and MIDI I/O.

SYSVPIANO **$5995.00**

Roland DP-990 Designer Piano

Form meets function in the new DP-990 — a sophisticated, streamlined piano with amazing sound and touch that also serves as a functional piece of furniture. The three luxurious silver-finish pedals naturally reproduce every detail of your sensitive pedaling just like an acoustic grand piano. It's available in Satin Black (SB) or Medium Cherry (MC) finishes.

- Uncompromised 88-key stereo multi-sampled piano sound.
- Newly developed continuous pedals made of finely crafted metal parts.
- PHA II Keyboard with Escapement with wider dynamic range of touch response.
- Enhanced song-playback capability via USB host port; audio data (.WAV files) and MIDI files can be played from USB memory key.
- Play along with audio CDs via USB-CD drive (optional).
- Twin Piano for side-by-side lessons and duets.

SYSDP990MC	DP-990, Medum Cherry finish	$ 2299.00	**$2095.00**
SYSDP990SB	DP-990, Satin Black finish	$ 2299.00	**$2095.00**

Roland

Roland FP 7C Digital Piano

Equipped with great sounds and intelligent features that can make you sound like a solo concert pianist or an entire ensemble, the FP-7 is your ticket to a dynamic and exciting musical world. The intricate details of a real piano have been captured, including hammer and damper noise, and string and key-off resonance. There's also a full complement of other instruments onboard, so you can sound like a complete ensemble.

- 88 keys PHA II keyboard.
- 339 tones (include 6 Tone Wheel Organ) plus 9 Drum Sets.
- 128-voice polyphony ensures that your notes will sustain fully and naturally.
- New PHA II (Progressive Hammer Action II) keyboard that responds naturally from pianissimo to fortissimo; the touch can be adjusted in 100 incremental steps.
- Audio Key feature allows audio (.wav) files from USB memory key to be played back.
- A large variety of Session Partner accompaniment patterns (each with two variations) for full-band accompaniment.
- Large graphic LCD for easy operation.
- Computer connection via USB (MIDI) for enhanced song creation and recording.
- Includes Cakewalk SONAR LE pro recording and editing software.

SYSFP7C	FP7 with stand	$ 2399.00	**$2095.00**

Roland RD-300GX & RD-700GX Stage Pianos

The RD-700GX and RD-300GX are powered by Roland's latest sound engine for incredible sound quality, with amazing pianos and EPs onboard, plus audio-play and master control features. The flagship RD-700GX leads the market with its SuperNATURAL™ instruments and a PHA II "Ivory Feel" keyboard with Escapement. The RD-300GX features two sets of 88-key pianos sounds from the RD-700SX.

- Stunning 88-key stereo multi-sampled piano sounds.
- SuperNATURAL electric pianos for unprecedented realism.
- Audio playback of .WAV, AIFF, and MP3 files via USB memory; easy onstage control with Audio Key feature.
- Piano Designer function for creating the perfect custom instruments, plus eight multi-effects processors.
- Three MIDI outputs, multiple zones for master-control functionality.
- Cakewalk SONAR LE software is included in every RD-GX package.

SYSRD700GX	RD-700GX	$ 2799.00	**$2495.00**

Yamaha YDP-223 Digital Stage Piano

The YDP-223 combines great sound and features in an attractive cabinet that will add a touch of elegance to any home... with an 88 Key Graded Hammer Action keyboard. Graded Hammer Action emulates the action of a grand piano — heavier in the bass and lighter in the treble areas of the keyboard. It comes with a selection of 14 voices and features a Stereo Sampled AWM (Advanced Wave Memory) piano sound that feels, reacts and sounds like an acoustic. The keyboard has MIDI In/Out/Thru plus a To Host jack, which are necessary for connecting to computers. A 2-track recorder is built into the instrument that is extremely intuitive and easy to operate. The YDP223 has an incredible 64 notes of polyphony as well.

The instrument comes with 14 different voices for you to choose from. These include two Grand Pianos, two Electric Pianos, two Church Organs, two Harpsichords, Vibraphone, two Strings, Jazz Organ, Choir and Guitar. And you can combine two sounds at once, like Piano and Strings. For your learning and listening pleasure, you'll find 50 built-in songs with Songbook. The piano is in a dark rosewood finish woodgrain cabinet with sliding key cover. And finally, a matching padded bench is included.

SYSYDP223 $ 1999.00 **$1599.99**

Yamaha Arius YDP-S31
88-key Digital Piano with GHS Keyboard

Yamaha pushes the envelope yet again - with its latest series of advanced digital pianos.

Authentic sound, natural touch and an absolute joy to play — both in practice and performance — in an advanced, yet affordable console digital piano. The Graded Hammer Standard (GHS) keyboard of the YDP-S31 provides exceptionally natural key touch virtually replicating that of an actual grand piano. Built-in AWM stereo sampled instrument voices faithfully reproduce their complete range — from the soft, dark lows to the glistening, bright highs. The damper pedal includes an authentic half damper effect, giving you nuanced expressive control over the sustained sound... far more realistic than a simple On/Off footswitch.

Built-in song recorder and metronome make the instruments ideal for piano lessons, practicing, or even as a scratch pad for your next masterpiece. Music book included. An excellent practice companion, "50 Greats for the Piano" includes sheet music for each of the built-in songs of the ARIUS. Six voices, four reverb types. Bench is not included.

SYSYDPS31 $ 1299.00 **$ 899.99**

YAMAHA

Yamaha YDP-160 Arius Series Digital Piano

Arius series instruments provide exceptionally natural, grand piano-like touch with Graded Hammer Effect (GHE) action, with realistic weight gradations... heavy in the lower end, and light in the upper. Each key is comprised of multiple stereo recordings of an actual grand piano. This provides subtle differences in volume and timbre depending on how you play the keys, and gives you full expressive control over the sound. The damper pedal includes an authentic half-damper effect, giving you nuanced expressive control.

Built-in song recorder and metronome make the instruments ideal for piano lessons, practicing, or even as a scratch-pad for your next masterpiece. 50 specially selected piano songs of standard piano repertoire are built into each Arius, for your listening enjoyment, or as a rehearsal tool. Music book included. An excellent practice companion, "50 Greats for the Piano" includes sheet music for each of the built-in songs of the ARIUS.

88 keys, 64-voice polyphony, ten voices, four types reverb, AC power cord, with Dark Rosewood finish and premium padded bench.

SYSYDP160 $ 1849.00 **$1349.99**

Yamaha YDP-140 Arius Series Digital Piano

Similar to the YDP-160 Arius model listed above, with 88 keys but with matte black keytops, six voices, AC power adaptor instead of cord, in a Dark Alder finish.

SYSYDP140 $ 1349.00 **$1049.99**

Yamaha YPG-235 "Piano-Focused" Portable Grand

This is the music student or professional musicians answer to "I need more keys!" — and many music teachers encourage new students to get a keyboard that will grow with their needs. It features 76 non-weighted keys that not only look like piano keys but have a Graded Soft Touch (GST) action with different levels of resistance, making it easier for a budding musician to move to an acoustic or digital piano.

Also features 489 Voices, ten Drum plus two SFX kits, a built-in 6-track recorder, Pitch bend wheel, USB computer connectivity, and Yamaha Education Suite.

SYSYPG235	YPG-235	$519.00	**$ 339.99**

Yamaha YPG-635 "Piano-Focused" Portable Grand

The 88-key YPG-635 is a weighted graded hammer action portable keyboard. Upgrades from the previous model include 64-note polyphony, along with additional DSP (Digital Signal Processing) effects that enable realistic sounding Distortion Guitar and Rotary Organ. It also includes USB MIDI and USB to Device for removable storage, along with a high resolution Live! Grand stereo sample, song recorder, score and lyric display. The YPG-635 comes equipped with 130 panel voices, 12 drum/SFX kits plus 361 XGlite voices.

- Weighted action.
- Lyric, chord and notation display.
- USB Connectivity.
- Ease of Operation.
- Yamaha Education Suite.
- 6-track recorder

Yamaha P-155 Digital Piano

Whether you're practicing at home or away, performing solo or in a band, the Yamaha P-155 digital piano offers professional quality sound with Yamaha's legendary piano touch. Thanks to the top-shelf Yamaha digital piano technologies like advanced sampling methods and the ultra-expressive GH (Graded Hammer) keyboard, musicians don't have to choose between portability and piano quality — the quality you expect from a company that's been building world-class acoustic pianos for over a century. In the P-155, Yamaha crafts that heritage into a slim cabinet available in three contemporary finishes.

SYSP155	P-155	Black with Mahogany	$1699.00	**$1199.99**

NEW!! Korg M50 Series

Performance / Portability / Price: Weighing in at just fifteen pounds is the fiery new KORG M50, ready to take on all contenders! Incredible new sounds; fat & juicy combis, splits and layers; a plethora of ace effects; dynamic Drum Tracks; enhanced poly-arpeggiators; classic sequencing tools, a solid, confident keybed; up-to-date SD storage; companion editing software and Korg's famous TouchView interactive display.

There's One for Everyone: Over twenty years of category-defining workstation expertise beats in the heart of the M50 Music Workstation. Just as the M3 borrowed elements from the legendary OASYS, the M50 captures all the sonic firepower of the M3, distilled into a performance instrument that is second to none. In a word, the M50 just may be the keyboard you've been waiting for. Both 73* and 61 note versions are available, sporting a new semi-weighted Natural Touch keyboard. This new fast and responsive synthesizer keybed facilitates expressive and dynamic performing. Tipping the scales at a mere 46 pounds, the seriously portable 88 key version features our top-of-the-line RH3 Graded Hammer Action, and provides a satisfying performance experience for the piano purist!

KORG

A Natural Performer: Made to be played, the M50 is inviting and comfortable. The TouchView screen is intuitive and interactive, allowing the uniquely angled front panel to remain refined and uncluttered. The buttons themselves are rock solid, backlit and rounded for visibility ease-of-use under any playing conditions. In addition to Korg's four-way joystick and multi-function knobs, the M50 offers four Chord Triggers that provide a flexible and fun way to play chords and trigger arp patterns. A ten key numeric keypad allows on-demand instant access to sounds, combis and other parameter/values.

Steinberg Cubase Studio 4

Designed from the ground up for professional music production, Cubase 4 set a new standard for integrated music production software by combining powerful audio and MIDI recording, synthesis, editing, mixing and effects. This streamlined Cubase 4 Studio package has 46 plug-ins to give you the power to create, record, and mix. SoundFrame universal sound integration manages any sound from any source hardware or software while the MediaBay provides an ideal way to organize media files. Cubase 4 software also features Steinberg's unique Play Order Track, for composing and arranging patterns and AudioWarp for real-time time stretching and pitch shifting of audio. Harness all this production power with a user interface redesigned to speed-up your workflow and boost your creativity.

CB903STUDIO **$399.99**

Band-In-A-Box 2008

Band-in-a-Box is a MIDI music arranger software package for Windows and Mac OS.
Band-in-a-Box can create a background for almost any chord progression used in popular music. It can then play that song back using the user's choice of one of thousands of different background styles. In addition to playing back the users' songs with built in, additional, or aftermarket styles, users can play the songs back and vary the key and/or the song's speed independently or even change the number of times any section of the song repeats.

Users can also export it as either a MIDI or Audio file. Exporting to a MIDI file allows the user to edit the background generated by Band-in-a-Box in a MIDI sequencer.

Just type in the chords for any song using standard chord symbols (like C, Fm7, or C13b9), choose the style you'd like, and Band-in-a-Box does the rest, automatically generating a complete professional-quality arrangement of piano, bass, drums, guitar, and strings or horns in a wide variety of popular styles. Live audio tracks can be created using RealDrums and RealTracks.control.

Finale 2010

The world's most powerful music notation software – lets you express your creativity and love of music. Compose, arrange, notate, and print engraver-quality sheet music.

Entering Notes — From MIDI to your mouse, from scanning to Finale's exclusive MicNotator, no other software offers you more note entry options.

SmartMusic Support and Other Educator Tools — Only Finale can create SmartMusic accompaniments and Finale makes it easier than ever with support for linked parts, repeats, and more. With the Exercise Wizard, Studio View to teach composition, educator templates, and more, Finale is the first choice of music educators worldwide.

Garritan Sounds — Finale now includes more than 350 world-class instrument sounds from the makers of Garritan Personal Orchestra, ranging from orchestral instruments to choirs, jazz brass to marching percussion, handbells, world instruments, and more.

Record/Import Audio — Give arrangements authenticity and life with a real vocal or instrumental track. Only Finale lets you record or import a mono or stereo audio file to enhance playback.

Finale 2010 updates include: Streamlined user interface. Exercise Wizard instantly generates practice pieces for your entire band, orchestra, or choir. Video Support — import video plus send and display SMPTE. More than 100 sounds from Tapspace Virtual Drumline™. Supports Windows XP/Vista and Mac 10.4 and 10.5. Innovative new percussion notation.

CB89409	Finale 2010 Labpack (5)	$850.00	**$ 639.98**

Finale Allegro 2007

Finale Allegro is perfect for educators, performing musicians, composers, arrangers, worship directors and students. Allegro is a revolutionary music score software program with a variety of features that make it easy, fast, and powerful. No other score writer and editor makes it so simple to create music on your computer. Whether you're an experienced composer, just beginning, or teaching music, the multitude of features allow the software to adapt to your specific needs. Compatible with most machines, Allegro score writer and editor also comes with MicNotator and additional features to add to the ease of use and range of capabilities of the software.

Some features include:
Composing and Arranging — Automatically add two- and three-voice auto-harmonization from Band-in-a-Box® Auto Harmonizing. Automatically add Drum Grooves (and easily expand your choice of styles). Transpose to any key and extract parts.

Teaching Music — Exercise Wizard instantly creates warm-ups for the whole band, orchestra, or choir. Setup Wizard includes diverse options, including Orff instruments and marching percussion. Create quizzes and tests by exporting music as a TIFF file into a word processing program.

CA851AHR05	Allegro 2007	$199.00	**$ 149.98**
CA851AHR06	Labpack (5)	$375.00	**$ 279.98**

Finale PrintMusic 2009

No matter your musical emphasis (classical, jazz, rock, etc.), Finale PrintMusic music composition software provides high-quality results without the expense of Finale's more comprehensive products, Allegro and Finale 2009. PrintMusic music-making software is geared towards educators, musicians, composers, and others who don't need the advanced engraving capabilities of Finale 2009 or the other advanced features in Allegro. When you don't want to pay for features you don't need, but still want professional quality software, PrintMusic is the product for you.

PrintMusic is perfect for songwriters, students, teachers, church musicians, and band leaders. It lets you compose the way you want. Easily put notes on the page with flexible options, and your compositions sound great with PrintMusic's advanced playback features.

Add dynamics, tempos, chord symbols, guitar fretboards and tablature, articulations, and more.The QuickStart Videos show you how – on your computer screen.

CA84760	PrintMusic 2009	$ 99.95	**$ 85.99**
CA847PAK0	Labpack (5)	$250.00	**$ 209.98**

Finale SongWriter

Attention songwriters of all levels! Finale SongWriter makes it easy for you to create and print sheet music on your PC or Macintosh.

Print a professional-looking score, along with your name and song title. Add chord symbols and fretboard diagrams. Create up to six lyric verses. Transpose to any key. Add dynamics, slurs, articulations and more. Generate guitar and bass tablature automatically. Create drum grooves with notation automatically.

CA85405	SongWriter	$49.95	**$ 39.99**

cakewalk

Cakewalk SONAR 8 Studio
Cakewalk SONAR 8 Producer

SONAR 8 Producer gives you what you need for recording, composing, editing, mixing, and mastering. Get innovations that matter, from exclusive features to ignite creativity and perfect your tracks, to groundbreaking technologies that always keep you in control, all backed by the industry's leading 64-bit audio quality. And SONAR 8 Producer delivers the go-to production tools you want with the best collection of virtual instruments, mixing, and mastering effects found in any DAW.

With unlimited tracks, amazing creative tools, inspiring virtual instruments, the freedom to work with any audio interface or control surface, and the most complete delivery capability for collaboration with users of other DAWS, award-winning SONAR Producer is your best choice in a digital audio workstation.

SONAR 8 Studio

Built upon the same core feature set as SONAR 8 Producer, SONAR 8 Studio gives you the edge in your productions — from recording audio and MIDI, composing with virtual instruments, remixing with loops, mixing with professional effects, to delivery of a polished final track — with the recognized best audio quality in the industry. Studio has many of the same features as Producer but with some limitations.

Adventures in Musicland

This innovative and wholly unique collection of musical games features famous characters from Lewis Carroll's classic work, Alice in Wonderland. Players learn quickly while having fun with pictures and sounds, developing a solid understanding of musical tones, prominent composers, and need-to-know musical symbols.

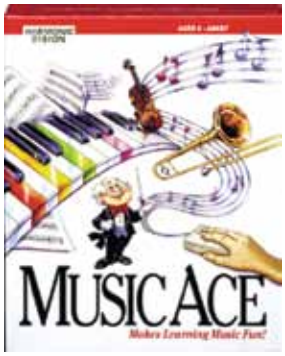
- Picture Perfect™ features a picture of a composer, instrument, or musical symbol shown piece by piece.
- Other games include MusicMatch, Melody Mixup and Sound Concentration.
- A true wonderland of interaction and education!

System requirements:
Mac: System 8.5-9.2, 10 (in classic mode)
PC: Windows 98, 2000, XP

If MIDI is used, you will also need MIDI or USB MIDI interface, MIDI cables, and MIDI keyboard.

CA509H	Hybrid CD-ROM	$44.98

Music Ace

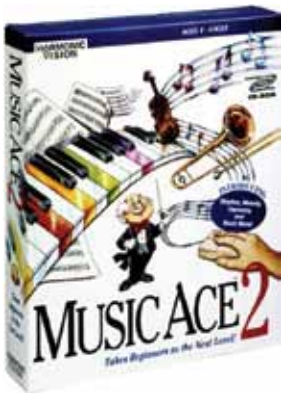


Provides a fun and comprehensive introduction to music fundamentals for beginning music students, of any age.

- 200 lessons and challenging games.
- Innovative Music Doodle Pad.
- Focuses on the basics of pitch recognition, learning key signatures, basic ear training.

CA099CD	Mac/Windows	$39.98

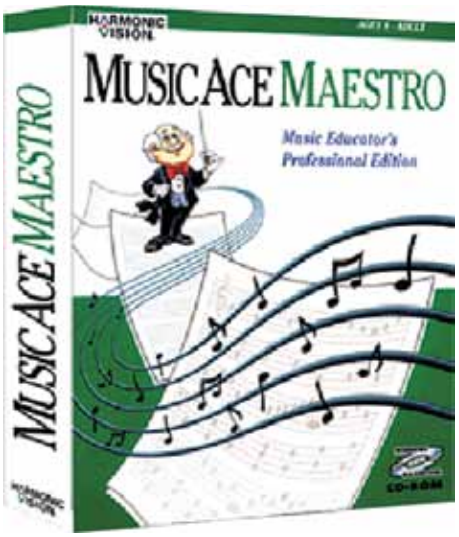
Music Ace 2



The second title from the highly acclaimed and award winning Music Ace series

- Standard notation, rhythm, melody, time signatures, harmony, intervals and more.
- 200 comprehensive lessons and attention-grabbing games, plus the original music creation tool.

CA099CD2	Mac/Windows	$39.98



Music Ace Maestro

This software combines all 48 lessons from Music Ace and Music Ace 2 with Maestro Manager, a suite of educator-focused student assessment and curriculum management tools. Available in educator version only.

- Create, manage, and customize the instructional lesson sequence.
- Import assessment data from earlier Music Ace or Music Ace 2 installation.
- Centralize management of student and group instructions options.

CB913	Single	$119.99
CB914	5-Pack	$399.99

Electronic Courseware Systems continues to offer the latest and best solutions in instructional materials. Their strong commitment to providing the latest and best solutions in instructional materials remains at the heart of all they do.

Cloud 9 Music

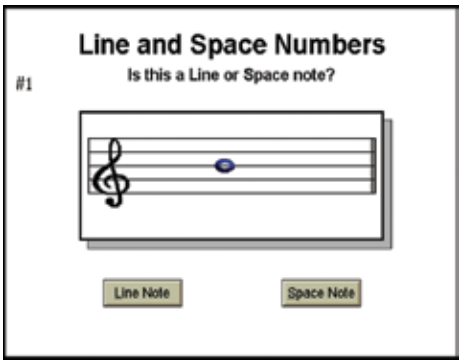
Welcome to the NEXT GENERATION of educational music software based upon recent research in accelerated learning techniques. Children explore pitch, duration, and rhythm freely in four different scenarios.

- **FREEFORM FLYER** leaves small clouds at various altitudes to assist learning about pitch through "unstructured" compositional techniques.
- **PITCH PILOT** concentrates on understanding relative pitch differences.
- **HEAD TO TAIL** offers intros, verses, and endings of a variety of compositions that children can freely arrange into their own compositions.
- **RHYTHM DROPS** explores beats and rests.

System requirements:
MAC: System 8, 9, or 10.
PC: Windows 98, 2000, or XP.

If MIDI is used, you will also need MIDI or USB MIDI interface, MIDI cables, and MIDI keyboard.

CB059	Hybrid CD-ROM	$29.95



Early Music Skills

Early Music Skills is an excellent tutorial and drill program specially developed for the beginning music student. It covers four basic music reading skills:

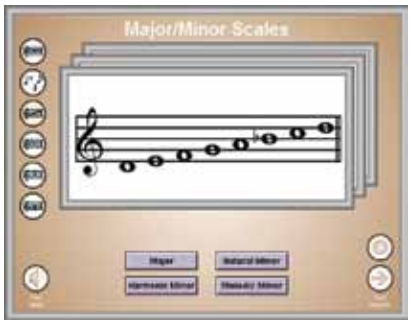
- Recognition of line and space notes.
- Comprehension of the numbering system for the musical staff.
- Visual and aural identification of notes moving up and down.
- Recognition of notes stepping and skipping up and down.

This program is available as a hybrid Macintosh/ Windows CD.

System requirements:
Mac: OS 8.5-9.2, 10.1-10.x.
PC:Win 98, 2000, XP .

If MIDI is used, you will also need a MIDI or USB MIDI interface, MIDI cables, and a MIDI keyboard.

CB100	Hybrid CD-ROM	$34.98



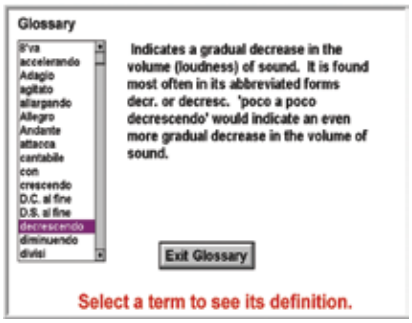
Music Skill Builder

An interactive CD-ROM where you decide what to include and omit from each set of questions and you determine the material to be presented!

NOTES & CLEFS: Choose which notes to include, treble or bass clef, upper, lower, or no ledger lines, and if you want to have the answers as note names or solfege.
NOTES & RESTS: Choose notes only, rests only or a random combination either.
MAJOR/MINOR KEYS: Select treble or bass clef, major/minor key signatures, number of flats and sharps. Choose major scales, natural minor scales, harmonic minor scales, or melodic minor scales... or any combination. Also select treble or bass clef.
INTERVALS: Choose major, minor, perfect, tritone or any combination (major and perfect intervals, or major, minor and tritone intervals). Also select treble or bass clef.
THREE NOTE CHORDS: Choose root position or inversion chords for your drill. In root position select major, minor, augmented, diminished or combinations (major and diminished chords, or major, minor and augmented chords). In inversion section select Major 6, minor 6, Major 6/4, or minor 6/4...or any combination. Each series of questions may include 10, 15, 20 or 25, depending on what you set up in your options menus. (MIDI OPT-for output only).

System requirements:
Mac: OS 8.5-9.2, and 10.1 and higher.
PC: Windows 98, 2000, XP.

CB910	Hybrid CD-ROM Single Station	$ 89.95
CB910LP	Hybrid CD-ROM Lab Pack (5)	$299.00
CB910LIC	Hybrid CD-ROM Site/Network License (24)	$699.99

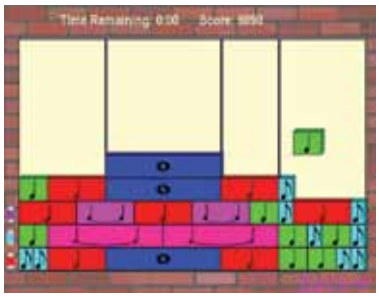


Music Terminology

A set of five independent programs for improving knowledge of music terms. **Programs include:** Glossary of Terms, Categories of Terms, True/False Test, Multiple-Choice Test, and Fill-In Questions. Each program randomly selects questions from a pool of over 100 terms. A summary of terms to be reviewed is displayed at the end of each program. (NON-MIDI).

System requirements:
MAC: System 8.5 – 9.2, and 10 (in classic mode), 4MB free RAM, 8MB free hard drive space, CD-ROM drive.
PC: Windows 98/2000/XP, 4MB RAM, 8MB hard drive space, Soundcard, CD-ROM drive.

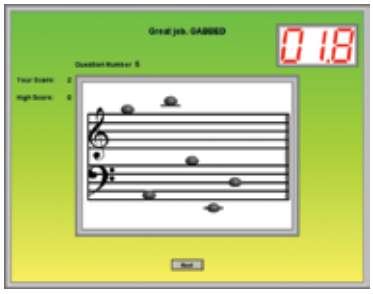
CB055	Hybrid CD-ROM	$34.98



Musicus and Challenge Musicus

An exciting music game where falling note blocks of rhythm must be maneuvered into measures of specific meters.
- You have the option to hear their completed rhythmic lines.
- Musicus may be used in Spanish or English and covers 2/4, 3/4, 4/4 and mixed meters.

CB101	(Hybrid CD-ROM) Musicus	$28.98
CB102	(Hybrid CD-ROM) Challenge Musicus	$28.98



Note Speller

A colorful music game designed to improve note reading on the treble, bass, alto, or grand staff. The program presents notes on the staff which the user must identify before time runs out. To help the user remember the group of notes, they spell out a word! Choose the number of notes to randomly appear (3, 4, 5, 6, or 7... or any combination), as well as the level (5 to choose from)! Also select either English or Spanish words to appear in the game. Answers may be entered by typing them in from the computer keyboard (timer is stopped at this point), or if a MIDI keyboard is attached to the computer, play in the answer!

System requirements:
Mac: OS 8.5-9.2, 10.1-10.x.
PC: Win 98, 2000, XP.

CB105	Hybrid CD-ROM	$35.98

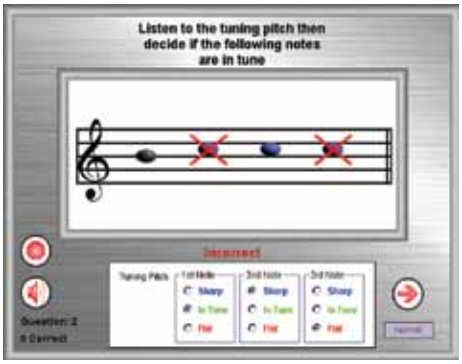
Smack-a-Note!

Speed up your note recognition and reflexes at the same time! Note-letter critters creep out across the screen and you have to Smack! them if they match the note displayed on a music staff. But watch out — if they don't match and you Smack! them, they'll steal points from you! Also includes Solfege option.

System requirements:
Mac: OS 8.5-9.2, 10.1-10.x.
PC: Win 98, 2000, XP.

CB060	Hybrid CD-ROM	$26.98

ECS MEDIA



Pitch Challenger

Pitch Challenger is designed as a unique program to improve pitch matching skills.
- Improve pitch discrimination.
- Visual feedback reinforces learning to tune and match pitches.

CB911	Hybrid CD-ROM	$34.99
CB107	Windows CD-ROM	$28.98

Steps for Sightreading
Let's practice the four steps with this musical example.
First, tap the rhythm with your hands on your lap.
Say note names as you tap the rhythm.
CONTINUE

Echos

Echos focuses on strengthening sightreading skills as well as rhythmic and note reading accuracy.
Level I incorporates tuneful musical examples in keys ranging from 0 to 3 sharps and flats.
Level II incorporates up to 6 sharps and flats in both major and minor keys.
A true resource to the keyboard student.

CB108	Windows CD-ROM	$59.99

Tap It I and II

Tap-It I and II are rhythm skill programs that teach the concept of beat and tempo through rhythm and tapping drills.

CB104I	Hybrid CD-ROM Tap It	$35.98
CB104II	Hybrid CD-ROM Tap It II	$35.98

BOSS

Powerful onboard effects include COSM modeling for guitar, bass and vocals. New Vocal Tool Box with auto pitch correction and Harmony Sequence function. 16 individual Track EQs, plus eight dedicated compressors. Mastering Tool Kit with multi-band compression for loud and punchy CDs. Create backing tracks quickly via independent Drum/Bass and Loop Phrase tracks. USB port for easy data exchange, plus V-LINK video control* (*V-LINK requires Edirol DV7-PR with software version 1.50 or higher). COSM models added (derived from BOSS's GT-6B). MIDI Slave capable for control from external MIDI devices. BR-1180CD/1200CD data compatible.

SRSBR1600CD $ 1399.00 **$1195.00**

KORG

Korg D888 Digital Recording Studio

Functioning as both a rugged 8-channel mixer with built-in effects and as a digital recorder, the D888 enables you to record multi-channel live performances in a variety of venues and settings. Native WAV recording and high-speed USB 2.0 data transfer allows the recordings to be easily shared with computer-based systems for full editing and final mastering. Balanced TRS and XLR inputs are tied to high-quality mic preamps equipped with professional 24-bit A/D and D/A converters. Switchable phantom power accommodates a variety of microphones. The versatile 8-output architecture makes the D888 suitable for a variety of audio applications. There are 11 effect types, and parameters are editable in real time from a dedicated front-panel knob. Non-destructive editing functions include copy, paste, erase and more, with Undo and Redo commands. Punch-in and-out is supported for overdubs. The internal 40 GB hard drive provides up to 120 hours of total recording time, with 200 songs, four locate points and 100 markers per song.

SRSD888 $800.00 **$ 699.00**

Korg D3200 Digital Recording Studio

The D3200 is the first in its class to provide up to 32 tracks of simultaneous playback and up to 12 tracks of simultaneous recording to support high channel-count projects — such as recording a live band. The powerful mixer section includes 40 input channels plus a great set of high-quality effects. "Session Drums™" allow you to easily create a realistic and natural drum track for your entire song. The recorder engine features uncompressed 24- or 16-bit recording / playback at 48 or 44.1 kHz. Features 12 balanced 1/4" inputs — 8 are also equipped with XLR inputs and individual phantom power. A convenient guitar input jack is also provided for guitarists. Also with effects and built-in CD-RW, "Master Track" and "Album CD Project" features allow you to produce a production-ready CD with ease.

SRSD3200 $1799.00 **$1299.00**

YAMAHA

Yamaha AW1600 Audio Workstation

The AW1600 has everything you need to record your music anytime, anywhere in a compact, road-worthy design. Mixing, routing and onboard effects are based on the industry-standard Yamaha "o" series digital consoles, so everything has the familiar feel quality of Yamaha.

8-input/16-track system records top-quality uncompressed 16-bit or 24-bit audio at 44.1 or 48 kHz (8 tracks when recording 24 bit audio). Eight virtual tracks per physical track (18 x 8 in 16-bit mode) provide plenty of capacity for alternate takes. Substantial 40-gigabyte high-speed 3.5" hard disk provides plenty of internal storage as well as fast, reliable recording and playback performance. Built-in CD-RW drive lets you burn original audio CDs, as well as make reliable CD data backups.

SRSAW1600 $1499.00 **$ 999.99**

TASCAM

Tascam 2488neo Digital Workstation

TASCAM's best-selling 24-track / 24-bit workstation has been upgraded to the 2488neo. The updated model has a bold new look and new mastering effects to create punchy, polished mixes. Like its predecessor, the 2488neo has eight microphone inputs, seven effects processors, a 80GB hard drive and the simple user interface common to all TASCAM Portastudios

The 2488neo features an 80GB hard drive, enough for hours of 44.1kHz/24-bit recording. The eight microphone inputs, four with XLR and phantom power, can be assigned to any track for recording large ensembles. A reverb effect, multi effect with guitar amp simulation, and up to 9 compressors are also included. The new mastering effect includes multi-band EQ, compression and limiting for professional-sounding mixes which can be burned to CD or transferred to computer through the USB 2.0 jack.

SRS2488NEO $1199.99 **$ 799.99**

TASCAM DP-02FX/CD Digital Portastudio

TASCAM's DP-02 makes recording simple by matching 8-track CD-quality recording with a Portastudio interface-so you can ditch the menus and concentrate on the music. A pair of record-quality TASCAM mic preamps features XLR inputs with phantom power for condenser mics and a guitar input for direct recording. Each channel gives you dedicated controls for instant access to fader level, record arm/track mute, pan, effect send, high and low EQ. There's also an EQ frequency button for finer control over the mix.

SRSDP02 $799.99 **$ 499.99**

TASCAM DP-02CF Digital Portastudio

TASCAM's DP-02CF Digital Portastudio has enough recording power to let you create a full production at 16-bit/44.1kHz CD quality. The DP-02CF combines 8-track CD-quality recording with a Portastudio interface. The DP-03CF Portastudio's one-button-per function design is for musicians who want to record quickly and have fun! First, record your stereo drum machine using its 2-track simultaneous recording, and then use the line inputs to record bass and layer guitar parts. A song position bar/beat display makes it easy to overdub. Or, if you're going the straight acoustic route (no drums), use the internal metronome to keep time.

SRSDP02CF $499.99 **$ 299.99**

TASCAM

TASCAM DR-1 Portable Digital Recorder

The TASCAM DR-1 brings innovative portable recording to a size and price that make it the recorder you can't leave behind. This hand-held portable recorder lets you record live gigs, rehearsals, samples, songs, podcasts, or news events in MP3 or 24-bit WAV format. The DR-1 recorder's built-in stereo condenser microphone can be arranged in variable angles to fit different recording scenarios, such as desktop or shirt-pocket recording. A huge 1GB card is included for hours of recording.

SRSDR1 $399.99 **$279.99**

TASCAM DR-07 Portable Digital Recorder

TASCAM's DR-07 brings portable digital recording to an even smaller, more affordable package. A pair of highly-sensitive built in mics captures a wide stereo image, recording in either MP3 or 16/24-bit WAV format. The DR-07 is powered by AA batteries and it transfers files to a computer using a high-speed USB 2.0 connection. The versatile recorder even includes a windscreen, tripod stand mount and 2GB SD card to start recording right away.

SRSDR07 $279.99 **$199.99**

Blue Microphones

Listen longer and record more with the MDS-JE480 MD Player/Recorder.

SRSMDSJE480 $300.00 **$ 199.98**

TASCAM

NEW!

Tascam BB-1000 Portable CD/SD Recorder

The BB-1000 Portable CD/SD Recorder is built to make recording to CD as simple as pressing record on a cassette 'boom box.' The battery-powered recorder records to either SD Card media or blank CDs from four built-in microphones or XLR mic inputs. The two front and two back mics can be individually trimmed for a balanced recording, and tracks can be immediately played back through a built-in 10W sound system. The BB-1000CD has been designed for simple operation in schools, houses of worship and band rehearsal spaces.

The recorder offers uncompressed recording to CD-R/RW media for audio CDs. The SD Card can capture as WAV file or MP3 files, and SD Card recordings can be burned to CD. The BB-1000CD can use two microphones on the front of the unit, two mics on the rear, or a pair of XLR mic inputs with phantom power as the recording source. Tracks can be played through the built-in speaker system, and can be looped and slowed down without changing the pitch.

SRSBB1000CD $749.99 **$ 599.99**

Roland

Roland CD-2e: SD/CD Recorder

Record and Burn with Amazing Ease and PortabilityWeighing in at less than 1.1 kg (2 lbs 6 oz), it's lighter than most laptop computers.

Everything you need to record, edit and burn is right there inside the CD-2e. No extra devices or cables to connect. Just turn it on and go. Handy Extras Extra features are built into the CD-2e to make it even more valuable to musicians, including an instrument tuner that works in conjunction with the built-in stereo mic. Comes with cabling, desktop stand, hand-held mount, windscreen and travel pouch.

SRSCD2E $799.00 **$ 695.00**

Tascam CC-222SLMKII CDRW/Cassette Recorder

TASCAM's most popular combination CD/Cassette recorder, the CC-222SLmkII, now supports a more robust slot loading CD transport with adjustable pitch control. The CC-222SLmkII includes a RIAA phono input which allows direct recording from a turntable; a feature which sets the CC-222SLmkII above all the rest.

Further solidifying this source-device's reputation for flexibility is its ability to be operated as two individual recorders; or, record one source to both recorders consecutively.

SRSCC222SLMKII $949.99 **$ 799.99**

Tascam CDRW9000SL CD Recorder

Enjoy new features like MP3 playback (with ID3 tags for reading names of tracks as they play), pitch and key control, keyboard input and more! MP3 files can be organized into folders before burning. Change playback speed without affecting pitch. PS/2 keyboard input allows one-key access to menu functions. Fits into two rackspaces. RCA inputs/outputs, S/PDIF digital ins/outs. Ultra EZ to use!

SRSCDRW900SL $699.99 **$ 599.99**

Tascam CD-A500 CD/Cassette Deck

NEW!

Duplicate entire CD's or individual tracks to cassette tape in one convenient, easy-to-use system. Playback can be continuous from deck to deck in either direction.

3-U Rackmount Design. CD to Cassette Dubbing Capability. CD Sync Feature. A Side / B Side Program Dubbing. Continuous Play Function. Wireless Remote Control. RCA Unbalanced Outputs Dedicated to the CD Player. Common RCA Unbalanced Outputs for both the CD and the Cassette Deck.

SRSCDA500 $539.99 **$ 429.99**

EZ Dupe's three target DVD duplication system includes a DVD-ROM drive and three DVD+/-RW writers. Only carefully selected and tested materials are employed in EZ Dupe's professional line up of Gold Series systems.

SRSGS3SOB $4499.00 **$ 599.00**

TASCAM CD Recording

As Simple as a Boombox with the BB-1000CD

TASCAM's battery-powered BB-1000CD makes recording simple for classrooms, rehearsal rooms, boardrooms and bedrooms. Choose to record to either CD or SD Card media with dedicated select buttons. Four built-in microphones – two on the front and two on the back – can be blended from top-panel knobs or you can plug in your own microphones.

A 10W speaker system plays back your recordings, CDs or MP3s at regular or slow speed for review and transcription, and a tuner and metronome are also included. Call a Cascio sales representitive for more information at 800-462-2263.

To record a CD on the BB-1000CD:

1. Slide in any blank CD-R
2. Press the Record button twice
3. Press Stop
4. Press Eject

Roland

Roland HD-1 V-Drums® Lite

The Roland HD-1 is forged from the same technology as its predecessors, but it's much simpler to use. It's also incredibly quiet, thanks to the newly designed kick beater, cushioned tom pads, and snare head. The HD-1 is also conveniently compact and stylish — perfect for every home, school, studio, etc. — and it's priced for the masses. Most of the HD-1's components are mounted on one stand for easy setup and transport, and for a clean look. Just take it out of the box and play. 10 Drum Kits, 10 Patterns.

- Easy set-up and operation
- Compact and stylish design
- Great sounds with a variety of kits

EDRHD1 Kit $ 999.00 **$ 795.00**

Roland HD-1 V-Drums Lite Pak

Includes HD-1 plus PM1 monitor, throne and sticks.

EDRHD1PAK $1259.00 **$ 995.00**

Roland PM-01 Personal Drum Monitor

Small, great-sounding, and affordable PM-01 is ideal for home practice, and a perfect match for the new Roland HD-1.

EDRPM01 $ 149.00 **$ 125.00**

Roland DT-HD1 HD-1 Drum Tutor

Drum Tutorial Software for HD-1

Roland's HD-1 V-Drum Lite is a big hit with beginners around the world. To enhance the HD-1 experience and help drummers learn the fundamentals, Roland has created DT-HD1, a fun, educational interactive software application. Connect your HD-1 to a PC via USB, launch the software, and play along and learn.

Features:

- 34 preset patterns with SMF compatibility.
- Notation screen with bouncing ball and timing check with right and left hand instruction.
- Game screen with falling blocks and score points.
- Metronome, A-B repeat, drum mute, drum and pad solo.
- UM-1G USB-MIDI interface and audio cable included to connect the HD-1 to a computer

Windows compatible (Vista/XP)

CA942 $99.00 **$79.00**

Bass Drum Pedals are Not Included

Roland TD-4SW V-Compact Series

A dream for drummers, the new TD-4S offers outstanding feel, versatility and affordability. With Roland's patented mesh V-Pad™ snare, the TD-4S is a pleasure to play. It's ideal for practice, thanks to its Mix In function, Coach Mode and Quick Rec. It's also a great choice for the project studio, with improved sound quality and expressiveness, and MIDI output for sequencing or triggering other sounds.

Center mounted TD-4 sound module with new sounds and more accurate sensing.

Patented mesh head for the snare for a great feel.

Velocity-sensitive toms and cymbals with choke capability.

Unique and newly-designed drum stand that is compact, lightweight, and stable.

Expandable with an optional pad or replace the ride cymbal to a CY-12R/C 3-way trigger V-Cymbal.

Compatible with optional VH-11 V-Hi-Hat to mount on conventional hi-hat stands.

Cable harness and DB-25 connector for fast and clean cable connection.

Kick drum pedal not included.

EDRTD4S $1199.00 **$ 995.00**

Bass Drum Pedals are Not Included

Roland TD-9SX

With a new advanced sound engine at its core, the mid-range V-Drums family has new bragging rights. The new TD-9 sound module is loaded with fresh sounds, and offers a deeper level of expression. Together with Roland's most advanced triggering technology, this kit is destined to become a big hit with drummers worldwide.

EDRTD9SX $2899.00 **$2595.00**

Hi-Hat Stand and Bass Drum Pedal Not Included

Roland TD-12SV V-Stage Series

Great feeling, great sounding — the V-Stage Series TD-12SV makes the middle range of the V-Drums line feel like first class. With mesh V-Pads all the way around, the TD-12SV lets drummers sink their sticks into the best-feeling pads in the business. The new TD-12 drum module is an upgrade from the previous TD-8, sharing the same stunning sound quality as the flagship TD-20.

- Professional V-Drums in an affordable package.
- V-Pro quality sounds.
- New "floating" VH-11 hi-hat.
- Cables inside the stand tubes.
- All dual trigger mesh pads.

Roland

Roland RMP-5 Advanced Rhythm Trainer

RMP-5 has a convenient one-piece molded body with integrated pad and brain, along with a great-feeling, tunable mesh drumhead.

- Practice with any of the 40-plus onboard drum, cymbal, and percussion sounds.
- Improve your skills with the advanced Rhythm Coach.
- Add optional kick and cymbal controllers.
- Time check, accuracy score and stroke balance feedback builds your precision.

EDRRMP5 $279.00 **$229.00**

RMP-12 Rhythm Coach®

The new RMP-12 Rhythm Coach® brings an exciting new dimension of portable sound and expression. Suited for all drumming applications, the RMP-12 is the world's first electronic marching percussion instrument to incorporate Roland's patented multi-layer mesh head technology, allowing drummers to practice longer with less stress and fatigue. Tailored to the educational percussion field, the RMP-12 offers enhanced playability, expressiveness, and versatility for practice and performance applications.

- 12-inch mesh pad with rim triggering.
- Newly-designed module with a variety of sounds.
- Live Mode to focus on your marching performance.
- Built-in Rhythm Coach for skill building.
- Lightweight and portable with battery power.
- Mix input and audio output for personal and professional use.
- Headphone output for quiet practice.
- Easily attaches to standard marching carriers (via optional OP-RMP12) and snare stands.

EDRMP12 $699.00 **$595.00**

ED081 Marching Carrier Attachment $139.00 **$109.00**

Roland Electronic Drum Monitor with Satellite Speakers

Roland's V-Drums, the world's leading electronic drum kits, deserve nothing less than superior amplification. Introducing the PM-30, a new top-of-the-line 2.1-channel advanced speaker system. With 200 watts of Class-D power, a high-performance 12" woofer with tweeter, a pair of 4" satellite speakers, and a proprietary DSP engine, the PM-30 delivers powerful, clear, full-range sound in a package that's cleanly designed and comfortable to transport.

EDRPM30 $949.00 **$695.00**

Roland Electronic Drum Monitor

Designed as a portable companion for Roland's V-Drums, the new PM-10 is equipped with a 30-watt amplifier and a 10" 2-way coaxial speaker. Its compact design is perfect for small-sized drum kits, such as the TD-3Kit and the TD-6KV. Jam along with your favorite songs by connecting an external CD or MP3 player to the Line In jack. Balance the V-Drums and the external audio with the dedicated volume controls; adjust the tone with the built-in 2-band EQ.

EDRPM10 $359.00 **$275.00**

OnBoard Research Beatnik Rhythmic Analyzer Hand Drum

Practice Pad

Improve rhythmic and timing accuracy in ways never before possible. More than a metronome, Beatnik's five analyzers each evaluate a unique aspect of a drummer's skills, and its multiple views of the timing data instantly reveal technical strengths and weaknesses to help a drummer develop a great feel and perfect accuracy. It is lightweight and operates on AA batteries or optional AC adapter. A recessed 8mm threaded receptacle on bottom of unit will attach to any 8mm cymbal stand top.

ET984 Beatnik $189.00 **$139.95**

YAMAHA®

Includes Bass Drum Pedal

The click can be subdivided and has memory for 30 preset tempo and pattern combinations. Groove Check feature allows you to practice your time keeping skills. Built-in sequencer has 63 preset and 20 user songs for you to build on your own. Comes with a three zone TP65S Snare Pad, Four TP65 pads with three for your toms and one for the hi-hat, a KP65 Bass Drum Pad, two PCY130SC cymbal pads and an HH65 hi hat controller for open and close functions. Sturdy RS70 rack and a cable snake is individually labeled for easy set up and breakdown. If you've been waiting to go electronic, NOW is the time!

EDRDXPIV $1299.99 **$ 999.99**

Direct Sound EX29 Extreme Isolation Headphones Black

From Direct Sound, the makers of EXTREME ISOLATION headphones, comes a brand new, much improved version of the model EX-29, an industry leader in isolation headphone technology. How is it possible to improve them? The EX-29 is now identified with distinctive gold lettering to give the headphones the world class look they deserve. The improvements are not just cosmetic. The most important improvement is the new specially designed 500 mW ultra-fidelity speaker drivers. Not only can they handle additional power, but the fidelity is superb. The model EX-29 is now recommended and suggested for critical mixing. In addition to the new drivers, a repairable input plug with a screw-on type jack adaptor is now standard.

SRSEX29BLK $149.95 **$ 99.95**

SRSEX25BLK $ 89.95 **$ 59.95**

YAMAHA®

Yamaha MSP5 Bi-Amplified Monitor Speaker

NEW!

The perfect choice for a wide range of applications, from home recording to post production. Ultra-compact enclosures allow easy placement. 67 combined watts of audio power in a bi-amplified monitor this size, let alone near this price, was previously unheard of -- until now. Dome tweeter, offers a broad coverage area of 120 degrees. With two separate amplifiers powering the woofer and tweeter, incredibly lower distortion is realized. Flat frequency response out to 40kHz makes the MSP5 great for mastering. 4-position EQ switch for low frequency and 3-position switch for high frequency match the system's response to the acoustic environment. Weight: 7.5kg (16.5 lbs)

SRSMSP5STUDIO **$274.99**
